The **Elemental Plane of Fire** exists in a separate dimension than the World. It was created in the year 574,933,332BR after the Battle of The Flame of the Khemaami-I when the Prime [Protas 'The Source'](#) killed [Ximeshassanth, The Flame of the Khemaami-I](#), using an echo of the Great Old One's power to create the element of Fire, he formed the Plane of Fire to regulate the Chaos of Fire throughout the multiverses, using

**Ximeshassanth's** corpse as a core for the plane, then creating the Fire Primordial, [Pyros](#) to oversee its regulation, and governance. This is the dimension from which all Fire chaos flows.

## Relation with The World

All chaos of the fire variety flows from this plan of existence then returns there. This realm is home to the Ifrit that are sometimes summoned by powerful fire mages to serve as power conduits for strong magic, though Ifrits are notoriously the hardest of the Genies to handle because of the nature of fire.
